

«simply» catering

If you're visiting our website for the first time, and are looking to either order, or enquire about our catering services, here are a few points to consider:

- We're very flexible with prices and quantity. If your budget is less or greater than the prices you see quoted on this website, we can probably adapt our menus to suit.
- Our flexibility also extends to timing. We understand that sometimes our clients don't know until very late that they require catering, and we'll do our utmost to accommodate this. Even if you email an order anytime for the next day, there's a 99% chance we'll be able to fit it in.
- The best way to get hold of us during the day is by email, which is updated minute-by-minute. If you still need to get hold of us to confirm an order, ring Richard on 021 2222898.
- All of our corporate clients are set up with an account with the first order, and we invoice at the end of the month for payment the following 20th. We're quite happy to accept credit cards as payment, and we'll email a receipt for your records when this is actioned.
- We have 3 delivery vehicles on the road, so will do our best to deliver your order very close to the required time.
- The more information you can give us about your function, the easier it will be to give you accurate advice as to quantity, and price. Some things to consider are: how long do you need the food to last? Even though it may not lunch/dinner you're providing, is it over lunch/dinner time, when your guests may expect a little more. Is it mostly men, or women you're catering for? Might there be any dietary requirements that your guests may have?
- We're quite happy to offer a range of food for special dietary needs, all packed separately, and labelled. It might pay to include this with your order, just in case (no extra charge).

Thank you for considering Simply Catering for your next function.
